

Secure 120

Metal collector for confidential documents.

- The SECURE range is a range of metal collectors, strong but light, ideal in terms of use, design and manufacturing quality.
- This compact model has been specially designed to meet the requirements of saving space and collecting confidential documents:
 - security: non-return slot, ringed cover with key closure to prevent access to documents.
 - mobility: compact and mobile collector with front handle for better movement towards document collection or shredding areas.
 - compact: compact design for discreet installation and use despite a capacity of 120 liters.
 - resistance: very high quality of manufacture and resistance to sustained use.
- These collectors can be personalized with additional trim.
