

Paper collector and waste R14000

Wastepaper collector and waste

- A clearly stated design principle: a sorting bin can be elegant and innovative.
 - This «2 in 1» model with 4 patents received the innovation prize at the Pollutec and Europropre exhibitions.
 - Recognized as a real step forward in the supply of selective sorting bins, this model is adopted by many large accounts looking for a bin that highlights the “ecological and innovative” image of the company.
- Bi-compartment Paper / DIB, Selective cover
 - Reduced handling, emptying in just 1 gesture
 - Patented flat paper storage system (30% space saving)
 - Internal attachment system of the plastic bag
